

YOU NEED TO: Resist blinding. Maintain accurate sizing. Get maximum throughput.

THE UNIFIED® ANSWER: SuperFlow screen media.

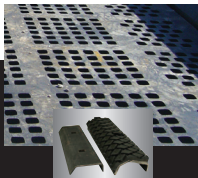

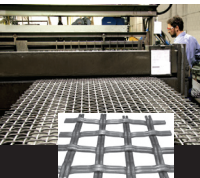

If you want better performance from your screens, talk to Unified. We design and manufacture screens to meet actual customer needs. No compromises. No short-term fixes.

Like our **SuperFlow screens:** Customers wanted greater throughput with proper sizing and blinding resistance. We engineered and manufactured a hybrid of vibrating wire for a lively screen surface, plus open-cast polyurethane cross strips for increased wear life. Field reports show that SuperFlow screens can improve throughput by 30 percent or more without blinding problems.

Unified screening, crushing and sizing products perform better on the job, because **they are inspired by the job.** You get commitment and experience every time you place an order. Call us at **866-968-3697** or go online at **unifiedscreening.com**. We're Unified® for you.
