

We're Unified® to provide the right screening media for every application.

With more than 16 locations across the country, Unified has the screen media, wear parts and expertise to meet your local needs - fast.

Woven Wire: Hundreds of opening sizes in a variety of crimp options and wire diameters, including: Flat Top, Loc-Crimp, Tri-Loc, Clean Screens, TwinWire and virtually any opening/construction you need for your unique application. Unified inventories more woven wire than anyone in North America.

- **High carbon** The least expensive wire choice, high carbon is recommended for high impact, moderately abrasive materials.
- **Tufflex** Offering greater ductility and tensile strength will provide a high impact and abrasive resistant screening. Tufflex will out-perform oil tempered wire in most applications.
- **Stainless Steel** Types 304, 316 and 430 are standard options.

We're Unified For You!
